## WORK EXPERIENCE

### Freelance Web Developer

2020/12 - now

I have been in charge of the front-end as an outsourcing partner of some Website design companies. I mainly produce small to medium-sized corporate websites and undertake LP production and WordPress development as well.

### Personal Projects

I am working on personal projects every day to improve my skills as a web developer and to solve someone's problem with web technology. The apps I have been working on are available on my website here:
